

# Social Media and Website Design at Gila Cliff Dwellings

Project Title	Social Media and Website Design at Gila Cliff Dwellings
Project Summary	Gila Cliff Dwellings is looking for ways to connect people of all ages with this National Park Service unit as well as connecting people with the surrounding wilderness by updating our website and increasing our social media presence.
Country	United States

## Project Description

Do you love the outdoors and national parks? Do you use Facebook, Instagram and Snapchat? Gila Cliff Dwellings, in the middle of the nation's first wilderness, is looking for an intern to help connect people across the US with the history and nature in our area. The intern will work with park staff on social media posts and to update our website from home for 10 hours per week using your computer and your own software.
